

## EUGENE COMMUNITY RECOVERY

### **Grant Application Terms and Conditions**

The information I voluntarily provide in this application is true and accurate. I acknowledge the eligibility criteria for this program and represent and warrant that my organization meets these criteria:

- ✓ Your agency or business has experienced economic hardship caused by COVID, either in the cost of providing needed services to customers, or due to an increased demand from COVID impacted customers.
- ✓ My agency is either a non-profit, whose facilities are primarily used to provide services to support people with essential needs such as housing, medical/mental health, food, hygiene. Housing may include payment of utility costs for agency-owned properties for low income renters where agency is responsible for utility bill; OR my agency is a licensed childcare facility.
- ✓ No prior CARES act money has been received and applied to current EWEB utility payments.
  - ❖ Previous receipt of CARES funding may not be disqualifying. However, CARES funding from multiple sources cannot be applied to charges simultaneously.
  - ❖ If the EWEB account currently has a credit due to CARES funds it is not eligible for the Eugene Community Recovery Grant.
  - ❖ If the agency has already applied CARES funding to utility expenses, but the previous CARES funding has been fully utilized, you are eligible to apply for the Eugene Community Recovery Grant.

EWEB has my permission to share information as needed with the City of Eugene and their partnering agencies and/or contractors for program administration and upon formal request by funding agencies.

I agree to hold harmless and release EWEB, the City of Eugene and their partner agencies from and against any claims, losses, demands, damages, or liability of any kind caused by or allegedly caused by such disclosure.

I have read and understand the eligibility criteria and the terms and conditions for this program.

My application may be denied if any of the following occurs:

- EWEB account is closed or a voluntary disconnect is scheduled when seeking assistance.
- Abusive behavior toward EWEB.
- Tampering with any EWEB property or any evidence of fraud.
