Heating system type (Please check one)	<input type="checkbox"/> Air source heat pump <input type="checkbox"/> Electric zonal resistance heat or electric forced air furnace

PROJECT INFORMATION

Square feet of windows replaced (if not shown on attached window manufacturer's order confirmation)	
Installed cost (per attached invoice)	
Order/purchase date (per attached invoice)	

To be eligible for a rebate:

- An application must be submitted to EWEB.
- The building must have primary electric heat.
- The building must have a total floor area under 20,000 square feet.
- Pre-existing windows must be single-pane, single-pane with storms, or double-paned metal frame windows.
- An invoice showing order/purchase date and installed cost must be submitted with this form.
- Proof of window U-factors must be submitted with this form. The preferred proof of window U-factors is a window manufacturer's order confirmation showing window sizes and U-factors. However, submitting NFRC stickers is also an acceptable proof of U-factors. For rebates, replacement windows must have a U-factor of 0.22 or lower, and replacement patio doors must have a U-factor of 0.25 or lower. For loans, replacement windows must have a U-factor of 0.25 or lower, and replacement patio doors must have a U-factor of 0.30 or lower.
