

September 14, 2020

Dear McKenzie Valley Community,

In consideration of the McKenzie River community's priority of caring for their immediate needs in response to the Holiday Farm Fire, EWEB management and Commissioners are postponing our September 22nd virtual McKenzie Valley board meeting.

Commissioners will discuss a new tentative McKenzie Valley meeting date at their next regular board meeting on October 6th. We will reach out after that time to propose a new date to meet virtually with community members. We look forward to listening to your concerns and providing information about subjects important to you.

It is devastating to see and hear about the impacts of the fire on the landscape and people, including EWEB employees, who reside in the McKenzie Valley or have family and friends effected. The loss of life and destruction of homes, businesses, livelihoods, wildlife and the natural environment is saddening.

All of us at EWEB express our heartfelt compassion for the residents of the McKenzie Valley, who will need our ongoing help and support.

Sincerely,

*Frank Lawson
