

LOOKING FOR A PAID SUMMER INTERNSHIP? EARN WHILE YOU LEARN ANALYSIS AND CONSULTING SKILLS

SUMMER INTERNSHIP PROGRAM Seasonal Water Management Assistants

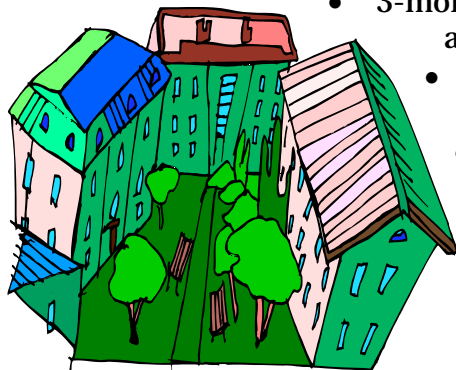

OVERVIEW:

A Seasonal Water Management Assistant will conduct site analysis to help customers develop more sustainable practices with their water usage. The survey covers landscape and irrigation water use, providing clients with practical recommendations and program offerings. This position pays **\$12.00/hour**.

This program has been shown to have significant impact toward reducing water use and improving the environment.

QUALIFYING STUDENTS WILL MEET THESE MINIMUM REQUIREMENTS:

- 3-months work experience or education in turf, horticultural or landscape architecture, including plant identification and irrigation, or similar.
- 3-months experience in working with the public or customer relations.
- Basic knowledge of water use practices
- Valid Oregon Driver's License with good driving record
- Eagerness to be a contributing Team member!

Applications Due:	04/20/2012
Interviews Starting:	04/30/2012
Job starts:	06/25/2012

Kelly Services is now taking applications. **The deadline for applications is April 20, 2012.** A survey specialist training in June will launch our tenth exciting season. Join our dynamic team of site analysis specialists! Take this opportunity to help Eugene use water more efficiently, while you gain practical experience.

This is a temporary position offered through Kelly Services.
