

A bright idea for your home:

What would you do with \$70 extra dollars?

Replace the five most frequently used light fixtures or incandescent lamps in your home with ENERGY STAR® qualified models and you can save as much as \$70 a year in electricity costs.

Together, we're powerful.

Switching to energy-efficient lamps and fixtures is one of the simplest and most cost-effective ways to lower your electric bill. EWEB offers several incentives on compact fluorescent lamps (CFLs) and rebates on ENERGY STAR® light fixtures to help you get started. Visit eweb.org/saveenergy/home/lighting for details, including a list of fluorescent lamp recycling sites, and start saving energy and money today.
