

## August

### SUPPLIES:

- + 1 day of food, water and cash
- Basic tools
- Rope
- Work gloves
- Tarps
- Duct tape

### MUST-HAVE EMERGENCY TOOLS

Your emergency kit should have some basic tools that can help with escape, personal protection, search and rescue and outdoor survival. Here are a few examples of must-have tools:

- Pry bar
- Compact shovel
- Gas shut off wrench (for natural gas customers; visit [nwnatural.com](http://nwnatural.com) for important safety instructions)
- Multi-tool
- Hatchet
- Saw
- Zip ties

#### PRO TIP:

A good tarp (or 2 or 3!) can be one of your most useful and versatile supplies in an emergency. Uses include shelter, covering a broken window or damaged roof, rainwater catchment, emergency blanket, carrying/dragging heavy material, protecting supplies from weather, creating a privy space, and much more!

Keep building on your water, food and cash. Continue to prioritize non-perishable, high protein, easy-to-prepare items like canned foods, nuts, and dried fruits.

One day of water = 1 gallon/person. ●

#### ● More emergency food options:

- Dried milk
- Coffee
- Chocolate
- Canola oil
- Salt
- Sugar
