

Customer Solutions Hand Valve Rebate Application

Current EWEB policy and Oregon State law (ORS 30.182) prohibits anyone other than EWEB authorized personnel from operating any portion of the water system infrastructure including EWEB-owned shut-off valves. The Customer Private Hand Valve Rebate Program was created to give financial incentives to encourage customers to install shut-off valves on the customer side of the water meter see picture on the other side of this form. Rebate application must be submitted within 90 days of the customer hand valve installation.

The person signing this form must be the responsible party for the water bill.

Hand Valve provided and installed by plumber	Eligible Rebate \$150	
Hand Valve provided by EWEB and installed by plumber	Eligible Rebate \$75	

This rebate is only available for 3/4 - 1 in brass full port ball type private hand valves. Hand valves may be provided by your plumber or EWEB. **Call 541-685-7595 to have EWEB deliver a hand valve to your house.** Please see list and photographs of rebate eligible private hand valves below.

Rebate Eligible Private Hand Valves

Ford

Mueller

McDonald

Each private hand valve must be 3/4 - 1 inch full port valves. Each private hand valve must have a handle attached to allow the hand valve to be exercised by the customer without the need of tools.

I, the authorized party on the EWEB utility bill, certify that the private hand valve listed above was installed at the above address by a licensed journeyman plumber. I understand that EWEB reserves the right to inspect and approve the installation prior to payment of the rebate.

Signed: _____

Date: _____

Form must be submitted within 90 days of installation.

Rebate application must be accompanied with an itemized plumbing invoice.
