Residential Programs Contractor Application for Participation

Application steps:

- Please fill in the information below.
- Submit a W9 form with this completed application to EWEB at the above address.
- When received, Contractor will be contacted to orient them to EWEB program requirements.
- After orientation, Contractor will be added to EWEB's internal list to do work immediately.
- Active contractors who have completed a project through EWEB's programs in the last 12 months will be published on a list updated in our residential program pages found at www.eweb.org/saveenergy.
- The list will be updated at least once per year.
