

Meeting Logistics and Facility & Safety Awareness

MEETING LOGISTICS

Thank you for attending tonight's board meeting.

EWEB management and subject matter experts are present in the room and virtually. The meeting is being live streamed and recorded.

Public testimony is welcome, sign-up forms are available at the back of the room.

Give completed forms to Security staff.

When your name is called to provide testimony, please speak loudly and clearly so everyone can hear you.

FACILITY & SAFETY AWARENESS

Visitor access is limited to the board meeting room and restrooms.

Restrooms are located on the 1st floor; exit through the interior door at the back of the room and a Security Officer will direct you to the location.

In the event of an emergency, (such as a fire or security incident) follow all instructions given by staff.

If evacuation is required, please calmly proceed to the nearest safe exit as identified and directed by staff and evacuate away from the building to the farthest points in the parking lots to allow clear and immediate access for first responders.

Public Input

INSTRUCTIONS

Complete Request to Speak form.

- In person: Hand form to Security Officer or staff seated along the windows.
- Callers: Submit online form any time before 2:00 pm meeting day (eweb.org/x2936)

Board President announces amount of time each speaker will be offered to present their testimony.

When your name is called, in person speakers may stand or sit at the speaker table.

Callers don't forget to press *6 to unmute.

Clearly state your name, and optionally your address or ward. Share your views and opinions respectfully.

Keep track of time. In-person speakers can watch the timer at the front of room; all speakers can listen for an audio notification when time has lapsed.

CODE OF CONDUCT

The Board values relevant community input from diverse perspectives and requests that all persons share their views and opinions in a manner that is productive, respectful, and not disruptive. Speech of any kind that is disruptive will not be tolerated. Anyone who fails to meet this standard may be muted or removed from the meeting.

WHAT TO EXPECT

- After testimony is heard, each commissioner will have an opportunity to speak if they choose, although by policy, the Board does not engage in a back-and-forth dialog.
- Commissioners do not ordinarily provide responses to public testimony during the meeting; failure to comment does not indicate agreement or disagreement. Any individual commissioner's response is an expression of their own views, not necessarily the collective position of the entire Board.
- The Board may direct staff to respond to specific questions or comments posed by the public; those responses which are for the public good may be posted on EWEB's website.

EWEB Board Meeting

February 3, 2026

Call to Order and Agenda Check

Please note that presentations may include unaudited information, as well as opinions and recommendations based on the best information available at the time. For more context on these topics, we encourage you to refer to the video recording for this meeting.

EWEB Board of Commissioners

EWEB/City of Eugene Joint Initiatives Agenda

#	Subject, Issue, Opportunity	Liaison Role	Board Position
1.	City of Eugene authorization for issue of Electric and Water Revenue Bonds	Solicit Support	
2.	EWEB's proposed update and changes to the Public Facilities Services Plan (PFSP) and/or other plans required for permitting and land-use changes supporting a second water treatment plant on the Willamette River in Glenwood.	Solicit Support	EWEB is working closely with City of Springfield staff on these issues.
3.	Project(s) of Public Interest: College Hill Water Storage, Willamette Treatment Plant, Decommissioning Leaburg Hydroelectric Project, McKenzie Valley Service Territory Allocation	Share Status, Solicit Support	
4.	Programs of Public Interest and Potential Partnership. Examples including, but not limited to: Resiliency, Energy Efficiency (e.g. targeted customer engagement with focus on incentives for efficient construction, bulk retrofits), Assistance for Limited Income (e.g. improve design, delivery, and reach of programs with focus on bill assistance, prepayment, and customer engagement)	Share EWEB goals and direction, check for alignment	
5.	Rate Design	Share Status	
6.	Water Supply Master Plan (Note: minimal information will be available in Q1; expect more updates by mid-year)	Share Status	
7.	Energy Supply Planning	Share Status	
8.	Quarterly Results, including EWEB's CAP2.0 reporting metrics	Share noteworthy information	
9.	Fire Hydrant Ownership	Explore opportunity	Any changes require City Council and EWEB Board approval.
10.	Explore opportunities to support City with encouraging economic development and affordable housing
