APPENDIX G

As a customer-owned utility, community giving efforts are reserved for requests that closely align with the main priorities of EWEB's Board-adopted Strategic Plan:

\$10,140,707*
invested year to date

- providing safe and reliable water and electricity to our customers,
- and helping our community be prepared and recover from emergencies.

**Does not including Energy Efficiency loans, Water Truck deployments, Greenpower grant awards yet to be paid out/finalized, or volunteer/ambassador efforts and events.*

INVESTMENT TYPE CATEGORIES

BOARD DIRECTED

Items that are funded through rates and specifically approved by the Board of Commissioners. Examples include education grants, limited income programs and system development charge (SDC) waivers.

CUSTOMER VOLUNTARY

Greenpower Program, an optional customer program that allows customers to support clean, sustainable energy and encourage renewable energy projects in our local community.

DISCRETIONARY

Projects, events, sponsorships and/or other requests of support from the community or industry directed to individual departments or the organization as a whole. Requests that provide strong alignment between EWEB's Strategic Plan are vetted through the General Manager's office for consideration.

MANDATORY

Because EWEB is a public agency, it is exempt from taxes. Instead, we contribute a portion of electricity sales revenue to the cities of Eugene and Springfield in the form of Contributions in Lieu of Taxes, or CILT.

MCKENZIE FIRE & RESCUE

[Disaster Relief Logistics Center](#)

The McKenzie Fire & Rescue is building a disaster relief logistics center for staging and management of emergency staff, utility repair coordination, road clearing efforts and inter-agency communications during severe events such as wildfires, floods, and earthquakes. EWEB will provide approximately \$3500 of in-kind financial support for new electric service. (The Electric Division will cover funding for this community investment.)

TBD

[2023 Electric Mobility Community Grants](#)

The Electric Mobility Community Grant provides funding (\$25,000 each) to five non-profits, academic institutions, or public organizations to cover costs associated with their electric mobility projects. Grant awards will be up to \$25,000 to cover up to 100% of project expenses. Grant funds must be used for a program that supports the community within EWEB's service territory. Funding for Electric Mobility grants is in part made possible by the Oregon Clean Fuels Program, administered by the Oregon Department of Environmental Quality. With the Clean Fuels Program, utilities earn credits for each electric vehicle (EV) within their service territory, which they can then sell. EWEB uses these funds to support the adoption of electric mobility in the community, including bringing access to the technology to underserved populations. Winners will be announced later this year.
